

FARMERS NEED NO PRODDING

Extensive Plans Laid Down in North Georgia for Big Acreage of Diversified Crops.

(Special to The News.)
Calhoun, Ga., March 15.—A survey of the situation and talks with the farmers of north Georgia furnishes conclusive evidence that they will not have to be prodded into producing their own food supply. They will do that and more. Admonitions have been coming in from other sections to the effect that the south should take warning and raise its own food. Notwithstanding the tempting price of cotton, food comes first and cotton is to be the surplus crop and of secondary consideration. As a farmer remarked to your correspondent, "There possibly may be more money in cotton than in some foods, but we cannot eat money. The argument that money will buy food holds good only so long as there is food to sell and it is available for transportation. If I had millions in money a full corn bin in Kansas would be valueless to me with a shortage of cars for transportation, and that is exactly what would happen if we all raised cotton and no food."

Gordon county farmers last year raised their food supplies and more, and are now more thoroughly convinced of the necessity of repeating.

More corn was produced in Gordon county last year than ever grew here before. Nearly every farmer raised his own meat, with some to spare. The proceeds of the cotton crop in extra cash, the surplus above the living. Assuming that Nature will be as kindly as last year, this section of the southland will do its part in the great struggle for democracy.

Representatives of the government are carrying on negotiations with the bandits through missionaries and, it is believed, their release will be effected soon. They are E. J. Purcell, of St. Paul, and G. A. Kyle, of Portland, Ore.

WAR SUFFERERS IN DIRE NEED PROPER CLOTHING

Urgent Appeal Comes From France and Belgium to More Fortunate of America.

Men, women and children by the thousands in France and Belgium are in need of clothing. To take care of this need and supply them with clothing an urgent appeal has been sent out from Washington asking that all surplus clothing be contributed to the comfort of these many thousands suffering men, women and children.

Dr. T. S. McCauley, chairman of the Red Cross chapter, said the only thing required was that the clothing be in a durable state. Thousands of French and Belgian mothers have infants, and nothing to clothe them.

The following list of needed garments should be carefully read by all before making up their minds to send to the office of the Red Cross, in the Southern Express building, on Market street:

Miscellaneous: Bed ticks, bed sheets, pillow cases, blankets, mufflers.

Dr. McCauley requests that these articles be brought to his office, where they will be stored away until the campaign is over, March 25.

Washing Won't Rid Head of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then wash it out. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. Do this tonight, and by morning dandruff if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drugstore. It is inexpensive and never fails to do the work.

LIEUT. SPERRY AND FIANCEE FLY TO CHURCH TO BE MARRIED

This is a wedding picture: Lieut. Lawrence B. Sperry and his fiancée, Miss Winifred Allen, are shown here in their bridal clothes just as they arrived for the wedding at Governors Island. Lieut. Sperry, navy aviator, was stationed at Massapequa, L. I. He could get away for only a few hours, so they made the trip to the island by airplane. Army officers gathered around the chapel and set up a round of cheers when the bride couple came flying down and alighted near the church steps. The wedding took place a few minutes later.

THIRD LIBERTY LOAN STARTS APRIL 6, FIRST ANNIVERSARY AMERICA AT WAR

Parade Planned — Committeemen Named and Meetings Planned. Drive to Start Off With Vigor.

The local executive committee in charge of the third liberty loan campaign is planning a huge celebration for Saturday, April 6. This will mark the opening of the third drive.

W. M. Elliott, chairman of the local committee, has received a communication from the department at Washington, in which a request is made that the liberty loan parade that has been announced for April 7, be given on Saturday, April 6, which is the first anniversary of America's entry into the world war. While the committee, in charge of the arrangements for the parade, has not taken this matter up, it is believed that the date will be changed according to the request, especially in view of the fact that a large number of the soldiers from the camp will be asked to take part.

Fred Cantrell, chairman, will call members of his committee together this week to make preliminary plans.

In addition to the parade, the executive committee is planning a banquet, which will probably be given on Saturday night at the Hotel Patten. At this banquet every member of the committee is expected to be present. Mercer Reynolds, who is chairman of one of the committees, will have under him about 100 salesmen, and P. Purse, chairman of the other committee, will have the same number working under him.

These two committees will have a contest to see which committee sells the largest amount of bonds.

Joe Clift, chairman of the sub-committee for Hamilton county, taking in all territory outside the city limits, has called his chairman to meet next Wednesday at 2 o'clock. Arrangements will be made for the drive in the rural sections.

The chairmen for the twenty-four local committees will meet Tuesday at noon at the Mountain City club. Twelve committees will work under Reynolds, and twelve under Mr. Purse.

The rural chairmen, as appointed by Mr. Clift, are as follows: J. H. Anderson, Lookout Mountain; Will Cummings, Wauhatchie; Finley Seagle, Elmo; W. E. Tomlinson, Rossview; W. T. Free, East Lake; H. H. Eager, Missionary ridge; W. S. Stevens, East Chattanooga; John Tinker, Avondale; W. H. Sears, North Chattanooga; Adam Millsaps, Mowbray; Walter Gillespie, Sunnyside; Clifford Friar, Chickamauga; M. H. Hundley, Tyner; John Layman, Harrison; E. E. Hixson, Hixson; Charles Leatt, Daisy; J. R. Seltzer, Falling Water; W. H. Crow, Soddy; Joe Vandegriff, Bakewell; Dr. J. M. Richards, Sale Creek; H. A. Kelt, Fairmont, and E. M. Jones, Montlake.

FARMER BURNS STILL "SOME MAN" AND WILL MEET ANY WRESTLER HIS AGE

"Farmer" Burns, former wrestling champion of the world and known as the John L. of the wrestling game, has just celebrated his fifty-seventh birthday.

At 57 Burns declares he feels as young and strong as he did thirty years ago. Although he has retired from the mat game he says he is willing to meet any man of his age on a winner-take-all basis and will meet anyone in the world, any age or weight, in a stick-pulling competition.

He has retired from the mat game, but he is still a fighter. He is a remarkable vitality to his life-long system of careful training and to the fact that he has never dissipated.

Burns' career is one of the most interesting in the sporting world. He was the first man to make wrestling popular in America. He was the first American to develop wrestling as a science. He held the wrestling championship of the world for many years, and when he retired undefeated he turned his title over to Frank Gotch, his pupil.

It was due to Burns' training that Gotch developed into the greatest of all wrestlers. It was Burns who took Gotch

ONLY FEW DAYS TO MAKE TAX RETURNS

C. M. Hash, income tax inspector, returned Sunday, after several days' absence on the road. Mr. Hash emphasized the point that the local people had only two weeks to make out income tax returns, and that unless those subject to the tax came in at once many of them will find that the deputies have gone, and they will have to fill out their own blanks besides being subject to a heavy penalty. A large percentage have yet to make out their returns.

The time was extended from March 1 to April 1 in order that the people would have time to make out their returns and save a penalty as the deputies could not possibly do the work in the time originally allotted.

CAR CREW ARRESTED FOR ASSAULTING BLACKSMITH

John Barleycorn Seems to Have Played His Usual Role as Basis of Trouble.

In connection with an assault on Leslie Ford, a blacksmith, on a North Market street car Sunday afternoon, G. H. Shropshire and J. H. Burnette, members of the car crew, were arrested later in the afternoon.

The trouble is understood to have started over an argument between Ford and the conductor, John Barleycorn, who appeared to be exerting an influence over the blacksmith, who received a bad drubbing at the hands of the car crew, after which he was put off the car. Sheriff Nick Bush and Deputy Will Smith went to the scene, but the car, in the meantime, had returned to the city and another crew relieved Shropshire and Burnette. Later, Deputy Smith overheard a street car man telling other carmen of some trouble that had occurred, and this man's talk led to his arrest by Smith. The name of the motorman was then learned.

Maj.-Gen. Hugh L. Scott Relieved at Camp Dix

Washington, March 15.—Maj.-Gen. Hugh L. Scott, formerly chief of staff, yesterday was ordered relieved of his command of the Seventy-eighth (national army) division at Camp Dix, New Jersey, and placed in command of the camp itself, which is to be an embarkation camp. Brig.-Gen. James T. Dean has been appointed to temporarily command the Seventy-eighth division. No official reason was assigned. Gen. Scott came to Washington this week for examination by the medical board appointed to determine the fitness of officers to hold commands on the fighting fronts in France, and he understood that he had passed the test. Five other divisional commanders had been relieved of their commands earlier in the week because they failed to pass the physical examination.

FRENCH WOMEN FORCED TO WORK FOR CONQUERORS

German Compel Service in Fields and Elsewhere to Supply Troops.

French Front, Feb. 2.—(Correspondence Associated Press.)—That compulsory labor for the German conquerors is imposed on French women and girls, as well as on the male inhabitants of the invaded districts of France, is shown in the order issued by Gen. Veldker, of the Ninth German army corps, recently stationed in the vicinity of Cambrai. The text of the order is as follows:

"This group of troops will shortly have need of 1,000 men for various works. An increase of production must be exacted from these workers, and groups of women must be employed whenever possible, especially for work in the fields. Those in charge of these workers must bear in mind that at the present moment our German women are taking the places of male workers, and they should not lose sight of the principle that no French woman or girl ought to be allowed to do less work than our countrywomen in the interior."

HAIR COMING OUT?

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of Dandruff at any drug store, pour a little in your hand and rub it into the scalp. After several applications the hair stops coming out and you can't find any dandruff.—(Adv.)
